

GETTING AN X-RAY

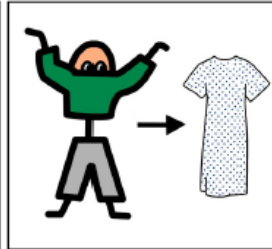

I need an x-ray.

I may need an x-ray of my neck, or chest, or leg, or any other body part.

The x-ray takes a picture of the inside of my body.

I may need to change into a gown for the x-ray.

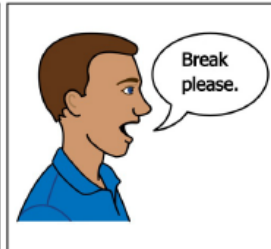

I will need to be very still while they take the x-ray.

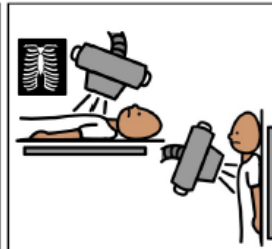

I will wear a vest or apron for the x-ray. It may feel heavy.

The x-ray will not hurt.

If I feel nervous, I can ask for a break.

They may need to take pictures of my body in different positions. That is ok!

When I finish, I can change back into my clothes.

I did it! I am so proud of myself!
